How to Set Up

1

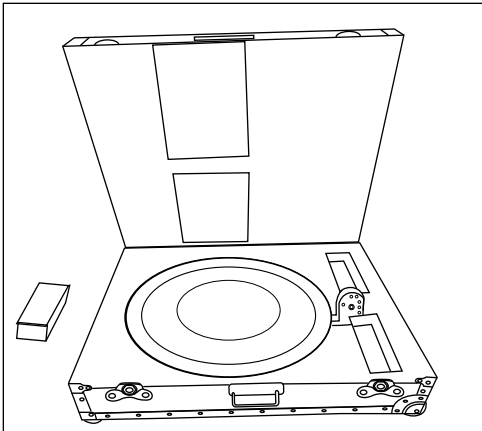

Unbox your REVOSPIN from its packaging

2

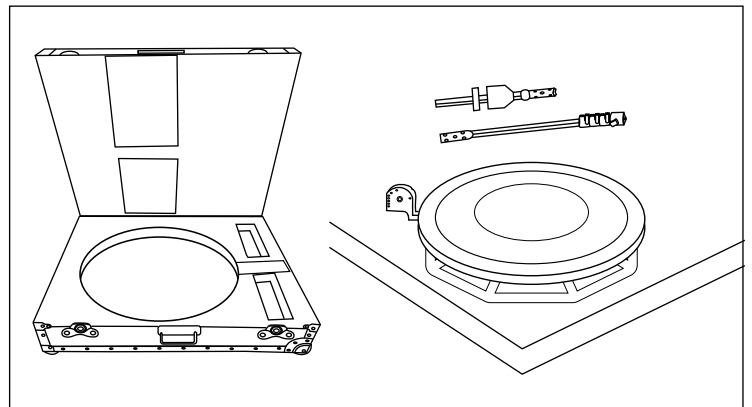

Lay your case flat on the ground and unlock it by twisting the latches

3

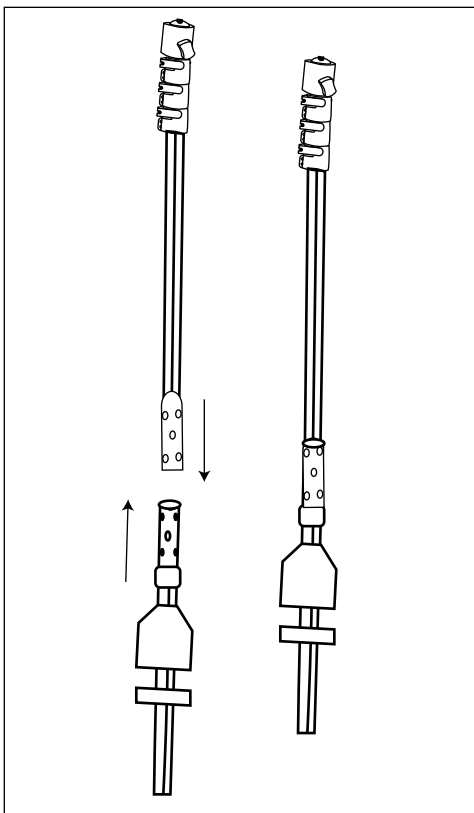

Open the case and set aside any accessories

4

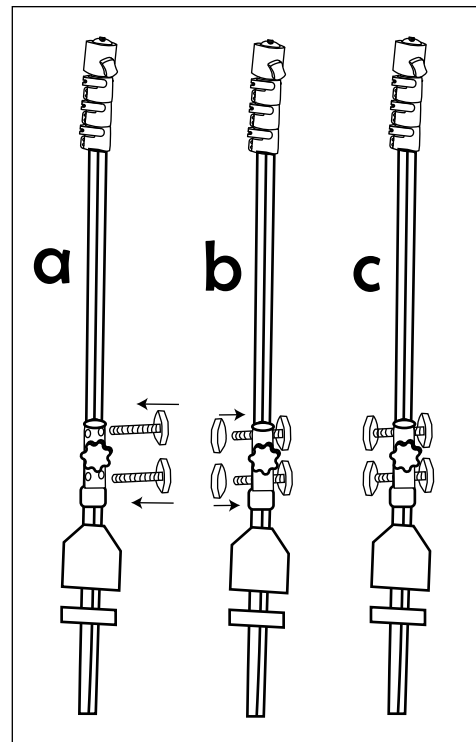

Carefully remove the platform and place it on a flat, even surface

6

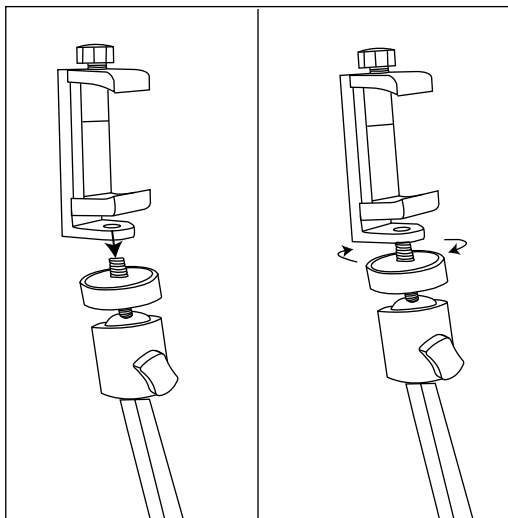

Attach the 2 arm pieces together

7

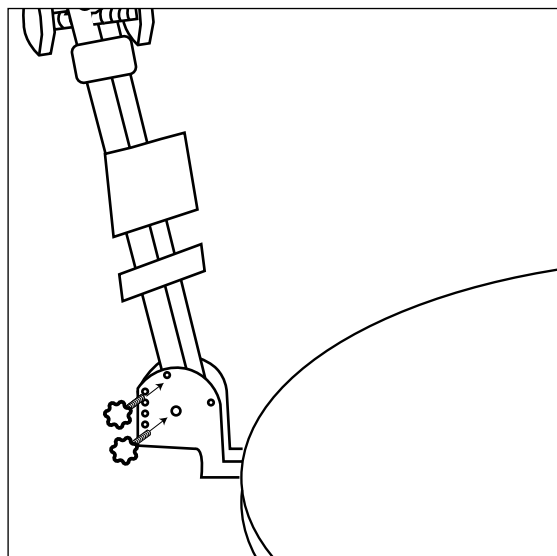

Insert screws and tighten with knobs

8

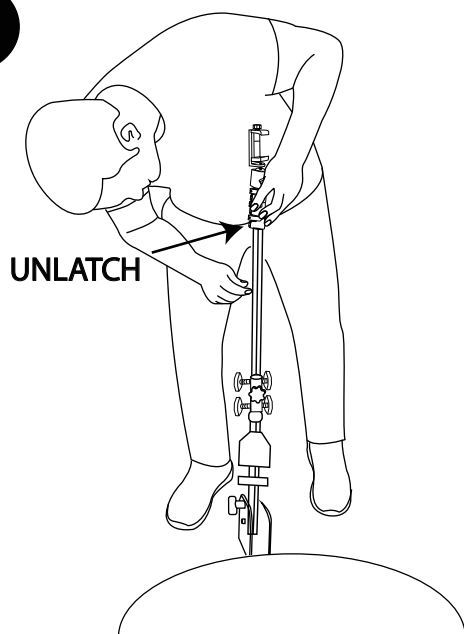

Remove phone bracket from box and screw it onto the ball mount

9

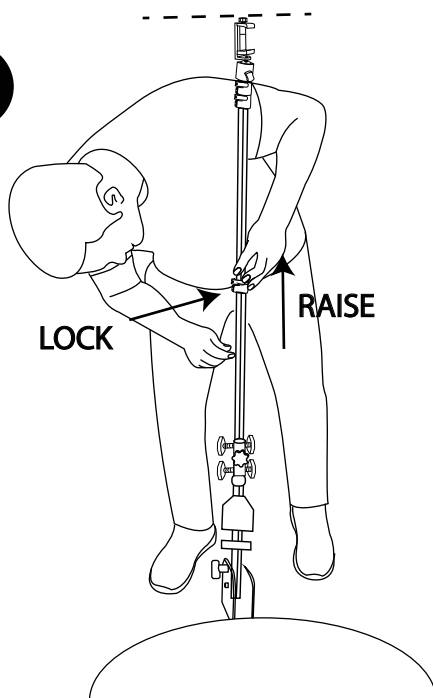

Attach arm to platform base by inserting screws and tightening with knobs

10

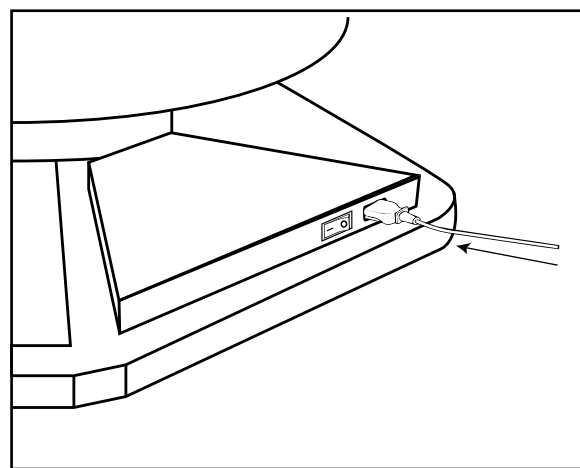

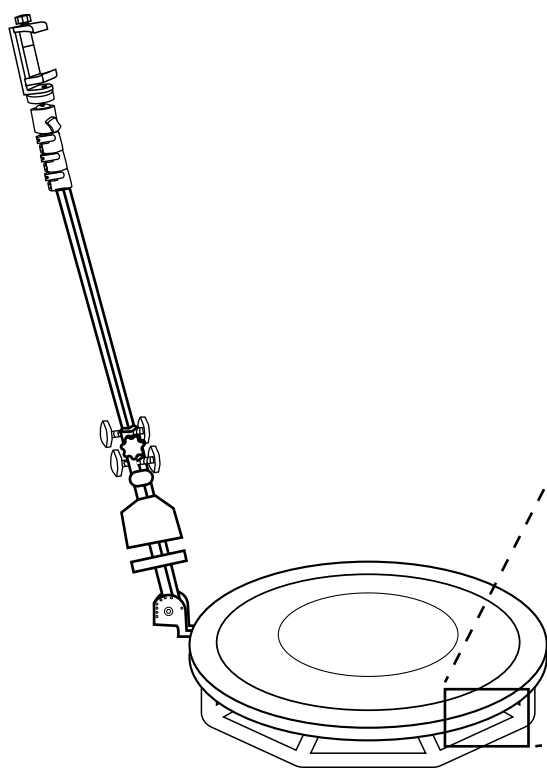

Release latches on arm to extend the arm

11

Lift arm to desired height and lock the latches

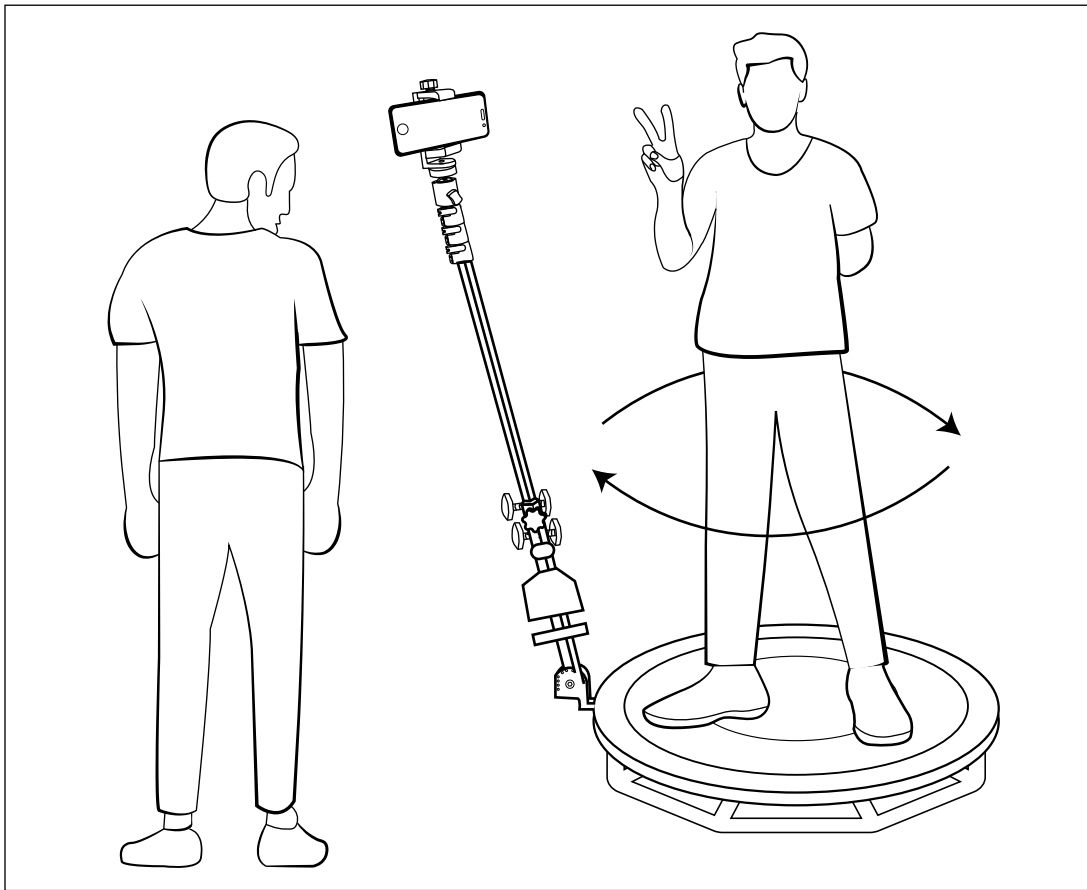

12

Plug the power adapter into the base of the platform and flip the switch to turn on the lights

13

Start the spinning process using your remote. You can now enjoy your Revospin platform
